COUNTY OF MERCER, NEW JERSEY

## **INTRODUCTION**

The Mercer County Department of Human Services, Office on Homeless Services is accepting proposals for the period of January 1, 2015 through December 31, 2016 to provide services and programs for homeless services for Mercer County residents in the amount of **\$713,492.00 in funding for January 1, 2015 through December 31, 2016 (with the exception of SSH funds (January 1, 2015-June 30, 2016) ) for County Direct funds, Homelessness Trust funds, City of Trenton Dollars and Social Services to the Homeless Dollars for Homeless (SSH) Mercer County residents.** The funding is contingent upon inclusion and adoption of the 2015-2016 Mercer County budgets (for county and Homelessness Trust Funds) and 2015, 2016 and 2017 State of New Jersey (for Social Services to the Homeless (SSH) funds). City of Trenton funding is contingent upon approval and availability through the CoC Program and Emergency Solutions Grant (ESG).

The Mercer County Department of Human Services with its system partners: The City of Trenton DHHS, The Mercer Alliance to End Homelessness and the Mercer County Board of Social Services (MCBOSS) have all been instrumental in a system change over the past several years. This change has involved a lot of planning and implementation efforts.

MCDHS is requesting proposals to expand and maintain a system of services to end homelessness in Mercer County. This direction was articulated in A New Direction for Ending Homelessness in Mercer County (October 2009), which is Mercer County's Ten-Year Plan to End Homelessness.

The goal of the Ten-Year Plan effort is to develop a system that emphasizes prevention, rapid re-housing and permanent housing. The system's goal is to prevent homelessness whenever possible and, when it is not, to quickly move families and individuals to a home by assisting them to acquire housing and provide the support of case management services to achieve long-term housing stability and linkage to mainstream services.

The goals put forth in the Ten-Year Plan are also articulated in the Homeless Emergency Assistance and Transition to Housing Act (HEARTH Act) of 2009 - the federal legislation dealing with homelessness.

With the passage of the Hearth Act, there is a greater focus on preventing homelessness and reducing lengths of stay in homelessness. This will be accompanied by a funding focus on prevention, rapid re-housing and permanent supportive housing.

The Hearth Act builds on the philosophy and direction of the Homeless Prevention and Rapid Rehousing (HPRP) program. The program encourages communities to use this funding to embrace systems change - to transform the system from one based on shelter and transitional housing to one based on prevention, rapid rehousing and permanent housing.

Mercer County embraced this direction and has redirected existing state and county funds to meet these goals. This RFP strengthens the direction with a continued focus on a coordinated prevention system utilizing the standardized screening tool which determines the need and a system review process which looks at outcomes and makes the necessary changes.

The goal of the RFP is to continue a single system for homelessness prevention services with a single point of entry. This RFP is continuing to implement a coordinated system for individuals and families who have been homeless or at risk of homelessness. The RFP is continuing to support the practice of the core principles of the Ten-Year Planning Process:

**Develop a uniform system response to homelessness**

- Individuals and families need to be uniformly assessed to assure that services are provided based on need;
- The system needs to have a capacity for immediate response;
- Services following the immediate response need to be based on the needs identified in the uniform assessment;
- The system needs to be sensitive to the different needs of individuals and families;
- The system needs to measure results.

**Prevent Homelessness whenever possible**

- No one should need to become homeless to receive services;
- Priority should be to support people in safe, affordable housing.

**Rapidly re-house people when homelessness cannot be prevented**

- When people are stably housed everything else stabilizes.

**Provide wraparound services for as long as needed to support housing stability and self-sufficiency**

- Individuals and families may need support to stabilize and maintain their housing;
- Those with the highest needs should receive the most enriched services.

It is the goal of the system partners (County of Mercer, City of Trenton and MCBOS) to continue targeting all, or part of, future/available funding from the following sources to create this single system:

#### City of Trenton

- Emergency Solutions Grant (ESG)
- Community Development Block Grants(CDBG)
- Continuum of Care funding (CoC)

#### County of Mercer

- County Mental Health funds
- County Addiction funds
- Community Services Block Grant funds(CSBG) Stimulus Funds

As an integral part of this system change, a system monitoring process has been developed by the system partners. The process will provide a continuous feedback loop during implementation. It will identify issues and make adjustments to the program as needed. Participation in training and in ongoing meetings to review data and discuss implementation issues is mandatory.

These services are part of a system of homeless services with a single point of entry and screening to determine level of need.

Proposal budgets shall be prepared for two years (2015-2016) with the exception of the Liaison Position. The funding is contingent upon inclusion and adoption of the 2015, 2016 and 2017 State of New Jersey (for Social Services to the Homeless (SSH) funds) and County of Mercer (for county and Homelessness Trust Funds) budgets for 2015 and 2016. City of Trenton funding is contingent upon approval and availability through the CoC Program and Emergency Solutions Grant (ESG).

## **STATEMENT OF CORPORATION OWNERSHIP 52:25-24.2. BIDDERS TO SUPPLY STATEMENT OF OWNERSHIP OF 10% INTEREST IN CORPORATION OR PARTNERSHIP**

No corporation or partnership shall be awarded any contract nor shall any agreement be entered into for the performance of any work or the furnishing of any materials or supplies, the cost of which is to be paid with or out of any public funds, by the State, or any county, municipality or school district, or any subsidiary or agency of the State, or of any county, municipality or school district, or by any authority, board, or commission which exercises governmental functions, unless prior to the receipt of the bid or accompanying the bid, of said corporation or said partnership, there is submitted a statement setting forth the names and addresses of all stockholders in the corporation or partnership who own 10% or more of its stock, of any class or of all individual partners in the partnership who own a 10% or greater interest therein, as the case may be. The disclosure shall be continued until names and addresses of every non-corporate stockholder, and individual partner, exceeding the 10% ownership criteria established in this act, has been listed.

### **Non-Collusion Affidavit**

The Non-Collusion Affidavit, which is part of this RFP, shall be properly executed and submitted with the RFP response.

### **Business Registration P.L. 2009, c.315 (For-Profit businesses/corporations only)**

This reforms Business Registration Certificate (BRC) filing and permits filing prior to award of contracts if not filed with bid. Effective with bids received and contracts awarded after January 18, 2010, this law removes the requirement of the Local Public Contracts Law ([N.J.S.A. 40A:11-23.2](#)) that required a bid to be rejected if the bidder failed to include a BRC with the bid, even though it may have been the otherwise lowest responsible bid. The law now allows the BRC to be filed anytime prior to award of the contract and the bidder had to have obtained the BRC prior to receipt of bids. This permits the BRC to be required with a bid, or submitted subsequently. If a BRC is required in a bid, but not submitted with the bid, it would be an immaterial defect; curable by being filed prior to award of the contract. A BRC is obtained from the New Jersey Division of Revenue. Information on obtaining a BRC is available on the internet at [www.nj.gov/treasury/revenue](http://www.nj.gov/treasury/revenue) or by phone at (609) 292-1730.

### **Pay to Play**

Starting in January, 2007, business entities are advised of their responsibility to file an annual disclosure statement of political contributions with the New Jersey Election Law Enforcement Commission (ELEC) pursuant to N.J.S.A. 19:44A-20.27 if they receive contracts in excess of \$50,000 from public entities in a calendar year. Business entities are responsible for determining if filing is necessary. Additional information on this requirement is available from ELEC at 888-313-3532 or at [www.elec.state.nj.us](http://www.elec.state.nj.us).

### **INSURANCE AND INDEMNIFICATION**

If it becomes necessary for the contractor, either as principal or by agent or employee, to enter upon the premises or property of the owner in order to construct, erect, inspect, make delivery, or remove property hereunder, the contractor hereby covenants and agrees to take use, provide and make all proper, necessary and sufficient precautions, safeguards, and protection against

the occurrence of happenings of any accident, injuries, damages, or hurt to person or property during the course of the work herein covered and his/her sole responsibility.

The contractor further covenants and agrees to indemnify and save harmless the owner from the payment of all sums of money or any other consideration(s) by reason of any or all such accidents, injuries, damages, or hurt that may happen or occur upon or about such work and all fines, penalties, and loss incurred for or by reason of the violation of any owner regulation or ordinance or the laws of the State or the United States while said work is in progress.

The contractor shall maintain sufficient insurance to protect against all claims under Workers Compensation as statutorily required, General Liability in the amount of \$1,000,000.00 single occurrence and \$2,000,000.00 general aggregate, and Automobile Insurance in the amount of \$1,000,000.00 combined single limit. Vendors are responsible to provide updated certificates as policies renew. Depending upon the scope of work and goods or services provided, specific types of insurance may not be required. The Mercer County Division of Insurance and Property Management will make this determination.

**In all cases where a Certificate of Insurance is required, the County of Mercer is to be named as an additional insured and named as the certificate holder as follows: "County of Mercer, 640 South Broad Street, P.O. Box 8068 Trenton, N.J. 08650-0068". The Certificate shall contain a 30-day notice of cancellation. Additionally, if the program for which your agency is applying provides transportation to consumers and/or clients, the County of Mercer must be named as an additional insured with the agency's automobile insurance.**

Please note: A change to the ACCORD insurance certificate precludes placing the number of days for cancellation notification in the lower right hand box. You may fulfill the requirement for a 30-day notice of cancellation for the insurance required to be submitted for a County of Mercer contract in any one of the following ways:

1. Indicate a 30-day notice of cancellation in the Description of Operations box at the bottom of the certificate.
2. Indicate a 30-day notice of cancellation on a separate page.
3. Provide a copy of the cancellation clause from the policy (you do not need to provide a copy of the entire policy, only the page(s) referencing the cancellation clause).

**AUTOMOBILE INSURANCE** is required in the following situations:

- clients/consumers are being transported under your contract with the County
- you are on County property to execute your contract, including delivery of items

For most contracts the automobile insurance requirement is \$1 million combined single limit. Also, the County of Mercer shall be named as additional insured and as certificate holder. The certificate holder address shall be as follows: County of Mercer, 640 South Broad Street, P.O. Box 8068, Trenton, NJ 08650-0068.

## **WORKERS' COMPENSATION**

The certificate holder address shall be as follows: County of Mercer, 640 South Broad Street, P.O. Box 8068, Trenton, NJ 08650-0068.

### **MULTIPLE PROPOSALS**

More than one proposal per funding category from an individual, a firm or partnership, a corporation or association under the same or different names shall not be considered. If an agency applies for multiple funding categories, a separate, complete proposal and packet of forms is necessary for each category for which are applied.

### **NOTICE OF AWARD**

The successful respondent will be notified of the award of contract upon a favorable decision by the County of Mercer.

### **PROPOSALS TO REMAIN SUBJECT TO ACCEPTANCE**

RFP responses shall remain open for a period of sixty (60) calendar days from the stated submittal date. The County of Mercer will either award the contract within the applicable time period or reject all proposals.

The County may extend the decision to award or reject all proposals beyond the sixty (60) calendar days when the proposals of any respondents who consent thereto may, at the request of the County, be held for consideration for such longer period as may be agreed.

### **BID PROHIBITED**

It is understood by the respondent that, if awarded a contract through the request for proposal process, the prime contractor and any subcontractors utilized for these services are prohibited from bidding the resultant goods or services required to implement the project.

### **FAILURE TO ENTER CONTRACT**

Should the respondent, to whom the contract is awarded, fail to enter into a contract within ten (10) days, Sundays and holidays excepted, the owner may then, at its option, accept the proposal of another respondent.

### **TERMINATION OF CONTRACT**

If, through any cause, the contractor shall fail to fulfill in a timely and proper manner obligations under the contract or if the contractor violates any requirements of the contract, the owner shall thereupon have the right to terminate the contract by giving written notice to the contractor of such termination at least sixty (60) days prior to the proposed effective date of the termination. Such termination shall relieve the owner of any obligation for the balances to the contractor of any sum or sums set forth in the contract.

The contract may be terminated by either party upon sixty (60) days written notice to that effect, forwarded to the other party desiring to terminate the contract and thereupon payments under this contract shall be paid to the terminal date based on the expenditure reports submitted. In the event

of cancellation of this contract, the contractor agrees to furnish the County such reports as may be requested based upon work completed under the provisions of this contract.

The contractor agrees to indemnify and hold the County of Mercer harmless from any liability to subcontractors concerning payment for services performed arising out of the lawful termination of the contract by the County under this provision. In case of default by the contractor, the County may procure the services from other sources and hold the contractor responsible for any excess cost occasioned thereby.

#### **CHALLENGE OF SPECIFICATIONS**

Any respondent who wishes to challenge a specification shall file such challenge in writing with the County contact no less than three (3) business days prior to the opening of the proposals. Challenges filed after that time shall be considered void and having no impact on the owner or the award of contract.

#### **TRANSITIONAL PERIOD**

In the event services are terminated by contract expiration or by voluntary termination by either the contractor or the County of Mercer, the contractor shall continue all terms and conditions of said contract for a period not to exceed thirty (30) days at the County's request.

#### **PAYMENT**

Invoices shall specify, in detail, the period for which payment is claimed, the services performed during the prescribed period, the amount claimed, and correlation between the services claimed.

The owner may withhold all or partial payments on account of subsequently discovered evidence including but not limited to the following:

- Deliverables not complying with the project specification;

- Claims filed or responsible evidence indicating probability of filing claims;

- A reasonable doubt that the Contract can be completed for the balance then unpaid.

When the above grounds are removed, payment shall be made for amounts withheld because of them.

#### **LOCATIONS AND QUANTITIES**

The County of Mercer reserves the right to add locations and increase or decrease the quantities at the proposed costs as defined in the awarded contractor's proposal as may be deemed reasonably necessary or desirable to complete the work detailed by the contract. Such increase or decrease shall in no way violate this contract, nor give cause for liability for damages.

#### **COST LIABILITY AND ADDITIONAL COSTS**

The County of Mercer assumes no responsibility and liability for costs incurred by the respondents prior to the issuance of an agreement. The liability shall be limited to the terms and conditions of the contract.

Respondents will assume responsibility for all costs not stated in the proposals. All hourly rates either stated in the proposal or used as a basis for pricing are required to be all-inclusive. Additional charges, unless incurred for additional work performed by request of the County of Mercer, for indirect costs, fees, postage, licensing, commissions, taxes, travel, subsistence, report preparation, meetings, administrative tasks, administrative and clerical support, overhead, etc. are not to be billed and will not be paid.

These services are needed to monitor and provide system feedback as part of a system of homeless services with a single point of entry and screening to determine the level of need. This position will continue to assist in the oversight of the Hearth Act requirements in Mercer County. The position will also provide consultation and evaluation in an existing point-of-entry homeless system that determines Mercer County Residents who are in need.

This RFP recognizes the need to provide system monitoring and feedback to ensure that the direction articulated in the Hearth Act becomes achievable. Therefore, the Mercer County Department of Human Services will continue to provide county funds for this System Monitor Service.

### **This RFP focuses on system monitoring and includes:**

The goal of the RFP is to monitor and provide feedback to: Government entities, the County of Mercer, the City of Trenton, the Mercer Board of Social Services and the Continuum of Care in order to create a single system for homeless services in Mercer County. This RFP is a tangible step in the county's continued commitment to support the **coordinated** system for individuals and families who have been homeless or at risk of homelessness.

The goals of system monitoring are:

- To continue to oversee and track data in the existing system of homeless services in Mercer County including services funded by the County of Mercer, the City of Trenton and the Mercer County Board of Social Services.
- To maintain and improve the ongoing system structure in order to continue the success of this coordinated homeless system in our county.
- To utilize the core principles of the Ten Year Planning Process to End Homelessness in administering the functions of this position.

- Coordinate the annual homeless Point-In-Time Count
- Collect, monitor, review data quality, complete data analysis and prepare reports, charts, graphs, etc. of analysis

### **System Monitoring Services**

The County of Mercer is interested in this coordinated system monitoring function and through this RFP is soliciting an agency to work with the system partners: the County of Mercer, City of Trenton and the Mercer County Board of Social Services to oversee, and maintain important data in such a system.

The system monitoring function will include all programs funded under HEARTH.

The system monitoring services need to include:

A process for meeting with and supporting homeless related social service agencies that have issues and concerns in the following categories of programs:

- Prevention services for the homeless
- Rapid Rehousing programs
- Permanent Housing including TRAs

Experience working with the County, City and HMIS is a plus

A data reporting process to monitor the implementation of the above programs.

A process for ongoing reporting to the system partners, the COC (and related Subcommittees) and the HOPE Subcommittee.

## **2.) Housing First Services**

**\$65,000 Annual (Calendar) Amount – County Funds**  
**(Two – year (2015-2016) contract = \$130,000)**

Case Management Services for individuals who are chronically homeless.

The individuals to be served are already in housing and have a Housing First designated voucher. Individuals requiring this intensive case management (1 to 10 ratio) meet the federal definition of chronic homelessness. The federal definition is “an unaccompanied individual with a disabling condition—be it substance abuse, serious mental illness, or physical disability or illness—who has been homeless for a year, or has had at least four episodes of homelessness in the past three years.” Individuals have been chosen through a selection process after applications are sought from agencies and individuals.

### **Target Population**

Individuals who are chronically homeless and are currently housed utilizing a voucher designated for Housing First.

Case management services must directly offer or provide linkages to the following services:

- Primary medical care
- Behavioral and mental health care
- Independent living skills training, including but not limited to housekeeping and parenting skills
- Employment services: work readiness and other employment training
- Financial literacy and asset building training
- Assistance accessing public benefits/entitlements

Staff should have experience engaging hard-to-serve populations, as well as expertise in providing voluntary services.

Most of the funding and all of the vouchers will be renewed to provide services and housing for the existing individuals and families who were chronically homeless prior to this initiative.

It is being targeted for case management services to individuals who have been housed in the Housing First Initiative.

### **Housing First**

Over the past decade, a strategy called “Housing First” has emerged as an effective solution for serving the long-term homeless. As opposed to traditional transitional housing programs, the Housing First approach has no precondition of completing treatment or other transitional programs to access permanent housing, nor is there a requirement of participation in treatment or other services to retain that housing. Rather, utilizing the Housing First philosophy, the homeless are immediately and permanently housed, then provided the diversified supportive services they need to retain that housing and cope with, address and/or overcome the issues that caused their homelessness. The Housing First philosophy recognizes that individuals and families are better able to benefit from supportive services when housing is stabilized.

The Mercer County Continuum of Care has prioritized the creation of permanent supportive housing for the chronically homeless, and has adopted the Housing First model as the preferred method of housing hard-to-serve individuals.

This RFP seeks to continue the Mercer County Department of Human Services commitment to the Housing First philosophy and program for individuals who are chronically homeless.

### **3.) Rapid Re-housing/Families (Mercer Housing Now II):** **County of Mercer Funding \$143,793.00 Annual (Calendar) Amount,** **2015-2016, two years: \$287,586.00**

This RFP is intended to complement the existing Rapid Re-Housing program/Mercer Housing NOW, funded by Federal Homeless Prevention and Rapid Rehousing Program (HPRP). The current program focuses on the population who are already homeless and in shelter or transitional housing.

The target population for this rapid rehousing program is the population who have been evaluated by MCBOSS and determined to be Non-TANF homeless families, as defined by those who are in a housing situation that cannot be sustained but have not yet lost housing or those families who are literally homeless.

This program aims to demonstrate that this population that has traditionally gone to transitional housing can be diverted from homelessness with rental assistance, intensive case management and wrap-around services in the community.

Rapid re-housing is a set of strategies to help families with low or moderate barriers to quickly move out of homelessness and into housing. This program is called Mercer Housing Now II. This program is part of a federal HUD Demonstration Project.

The goals of the program are:

- To demonstrate a seamless system with a single point of entry and screening to determine level of need.
- To demonstrate a rapid re-housing strategy for the target group of Non- TANF homeless families who have traditionally utilized transitional housing and who have low or moderate barriers to housing.
- To move this target group of families to housing in thirty (30) days or less from their entry into the program.
- To demonstrate that rental assistance and ongoing intensive case management services results in housing retention and prevents recidivism.

Mercer Housing Now II will target families with low and moderate barriers to housing. Examples of low and moderate barriers include, but are not limited to:

- Poor or no rental history
- Eviction history
- No high school diploma
- Limited English proficiency
- Mental health issues that are stabilized
- A History of Substance Abuse
- Poor credit history

The Housing Now II must serve up to fifty (50) families within the year. A minimum of forty (40) families must be served at any one time.

The program consists of the following components:

- Screening for low and moderate barriers to housing
- Rental assistance
- Flexible funding for individualized needs
- Home-based case management
- Housing location

The funding is to support home-based intensive case management, housing location and flexible funding components of the program.

### **Screening for low and moderate barriers**

MCBOSS will have responsibility for screening for Housing Now II. The screening will be for low or moderate barriers to housing.

### **Temporary Rental Assistance**

Rental assistance is an important component of a rapid re-housing program.

In rapid re-housing, the goal is to provide only as much assistance as is needed to maintain housing stabilization. The screening will help to determine the amount and length of rental assistance for each family. The goal is a sustainable rent for which the family can assume an increasing level of responsibility. To that end, an individualized service plan must initially be developed and reviewed on a continual basis with the family and should ultimately reflect a gradual decrease in the amount of rental assistance paid per month.

- Families with low barriers will receive from three (3) to nine (9) months of rental assistance to be reviewed monthly.
- Families with moderate barriers will receive twelve (12) to eighteen (18) months of rental assistance to be reviewed bi-monthly. Families will be expected to assume an increased amount of their rent after one (1) year of rental assistance.

The Housing Now II team will determine the sustainable rent for the family. The team will include staff of the Housing Now II provider, MCBOSS staff, and, as necessary and appropriate, other community agency staff.

The Housing Now II provider will be responsible for locating housing and working with the MCBOSS staff.

### **Home-based Case Management:**

The applicant(s) must provide home-based case management. The case management must be an intensive outreach model in which the family is engaged in the identification of its issues and supported in finding solutions. Case management will begin as soon as the family is accepted in the Housing Now II program. Housing Now II is a Housing First approach that builds on the belief that families can deal more effectively with their issues once they are stably housed.

The awardee must develop a Housing Stabilization Plan (HSP) with the family (the template of HSP will be given to the contracted provider). The goals must include housing stabilization and self-sufficiency and the plan must have clear outcomes and time frames for achievement. Work First New Jersey goals need to be integrated where appropriate.

The focus is to create a smooth transition into housing and promote housing retention. Once a family is in their own home, services will be based on the service plan. The goal is to wrap services around the family based on their individualized need.

The HSP must be tailored to the goals of the family. An emphasis on maximizing existing resources to support low-income families will be required of the grant respondents. The

applicant(s) must have knowledge of available resources related, but not limited to, income support programs, education and work training, early childhood education, and mental health and domestic violence counseling. These services will allow formerly homeless families to access specialized and skilled practitioners and allow the Housing Now II provider to focus on helping families exiting homelessness make a smooth transition back into their community.

The goal is to move families to housing in thirty (30) days or less from their entry into the program.

The case management staff will utilize a Housing First approach and must participate in mandatory training that supports this approach. Training will be adapted from case management curriculum supported by HUD. For more information go to:

<http://www.hudhre.info/documents/SHPCaseManagement.pdf>

[HRE Home](#) > [Homelessness Prevention and Rapid Re-Housing Program \(HPRP\)](#)

See Case Management - Homelessness Prevention and Rapid Re-housing for example of Housing Stabilization Plan

Housing Now II is a system intervention and thus requires mandatory training for all program staff. It will also utilize standardized program forms and data reporting so that outcomes can be evaluated utilizing consistent information.

#### **Flexible/Prevention Funding for Individualized Needs:**

The grant respondent(s) must manage a flexible/prevention fund for the individualized needs of the family. An average of \$200 per family is potentially available if needed.

Flexible/Prevention funding is a prevention strategy and is to be utilized for unique individualized needs. Examples of such needs are: minor repairs to an apartment to meet habitability standards and supplies that may be needed to set up a household.

This may include payment for hotel stays when families are in need of said resources for a short amount of time.

Standards for the use of flexible funds will be developed through the system monitoring process. The Housing Now II provider will be a partner in this process.

The summary of Housing Now II process is as follows:

- Families will be screened for the program by MCBOS.
- Within one week of screening, MCBOS will determine if the family will be entering Housing Now II.
- Once that determination is made, the Housing Now II provider must assume the primary case management for the family.
- An HSP must be developed with the family within seven (7) days of acceptance into the program. The focus of the service plan is housing stabilization and linkage to services in the community. The family will be engaged as quickly as possible in a solution to their housing crisis.

- The Housing Now II provider must locate sustainable housing as quickly as possible, in most cases within thirty (30) days.
- The Housing Stabilization Plan must be reviewed on an ongoing basis by the program supervisor.
- Formal review of the HSP must occur every three (3) months.
- Program supervisor and staff must participate in the bi-weekly Housing Now II system review meetings to continue the program development and problem solving essential to a demonstration.
- Standardized forms and data collection are mandatory.
- Data on program performance must be available for bi-weekly meetings and submitted monthly as part of contract monitoring.
- All staff must participate in mandatory training for Housing Now II.

#### **Administration and Staffing for Mercer Housing Now II Program**

Housing Now II must be a separate, stand-alone program. Although it may be a new program of an existing agency, it must not report to another agency program or receive supervision from that program.

The Housing Now II program must be staffed to carry out the administrative case management and housing location functions necessary for the program.

The case management staff-client ratio can be no less than one (1) to fifteen (15) and will adjust based on the diminishing needs of the families. The standard for staffing ratios will continue to be refined during the demonstration phase based on work with the families.

Staff must have experience in working with homeless or similar populations as well as experience with outreach and home-based services. The supervisor must have a master's degree in social work, counseling or a related field or five (5) years of equivalent experience. Previous experience with wrap-around community-based services is particularly valuable. The supervisor will be expected to carry a minimal caseload.

Case managers must have a minimum of an associate degree and three (3) to five (5) years' experience with the population. It is strongly recommended that at least one of the staff have a history of homelessness and be a representative of the voice of the population.

The applicant(s) is encouraged to use funding from other sources to augment this program.

#### **4.) Liaison/Case Management Services Position for the Homeless Singles Population: Social Services to the Homeless (SSH) Dollars \$31,969.00 –**

**January 1, 2015 - June 30, 2015; \$63,937.00 - July 1, 2015 – June 30, 2016**

**Total Contract Amount - \$95,906.00 (for 18 months)**

## **Introduction**

This RFP seeks to fund a liaison position between the Service Access Center and the Rescue Mission of Trenton, the primary shelter for singles in the Trenton/Mercer area. It is part of a Service Access System being developed to address single homelessness.

## **Background**

A Service Access System is being created for individuals who are homeless in Trenton/ Mercer community.

The goal of the system is to screen homeless individuals, provide them with needed health and social services and move them as quickly as possible to permanent housing. It will provide a single point of entry for the single homeless population.

A systemic approach is needed for individuals who become homeless. There has always been a commitment in the Trenton/Mercer community to shelter the homeless. What has been missing is an organized way to assess their needs, provide them with needed services and use all possible resources to move them to housing.

A major commitment from the City of Trenton to operate a Service Access Center for the single homeless population addresses this need.

In 2012, 1463 individuals experienced at least one episode of homelessness. 40% or 585 were frequent users of the shelter with histories of health and behavioral health issues. This population needs assistance to resolve their homelessness. They need to be assessed and assisted in finding housing and supports to remain housed. They are the priority population for the Service Access Center

The Service Access System has the following components

1. Service Access Center(SAC) operated by the City of Trenton. The SAC will provide
  - Screening and Assessment focused on housing
  - Mobile Outreach
  - Coordination of housing resources
  - Organized access to health, behavioral health and
  - Other community resources

### **2. Shelter**

The primary emergency shelter is operated by the Rescue Mission of Trenton. It provides nightly shelter for single men and women. The Rescue Mission provides shelter for 97% of individuals who are sheltered in the Trenton/Mercer area.

### **3. Drop-in Center**

A Drop-Center operated by the Rescue Mission of Trenton provides a site for individuals to access during the day and a place they can be engaged in services.

This RFP calls for the funding of a liaison/case manager position between the Service Access Center and the Rescue Mission.

The Liaison will function as the bridge between the components of Service Access System. The goal is a seamless entry into the single system with data sharing in real time between the component parts. The functions are Case management and referral as defined by the SAC team.

The Liaison will be part of the SAC team and will operate utilizing the procedures developed by the team.

The Liaison will work with Rescue Mission staff to Facilitate the scheduling of screening and assessment.

Those who enter the shelter for the first time will need to go to the SAC the following day to be screened. The liaison will facilitate this process and enter all required data into HMIS as person enters the shelter so it is available the next day for SAC staff prior to screening.

Those with multiple admissions will be screened and assessed based on process developed by the SAC team. The liaison will facilitate this based on the developed procedures.

The Liaison/Case manager will work with the SAC and the Rescue Mission to develop a release of information process that is HIPPA compliant. In order for the Service Access System to operate as a single point of entry data needs to be shared between the components of the system and with community agencies needing the information to facilitate service delivery.

The Liaison/Case manager must utilize HMIS for data entry. The use of Biometrics will facilitate data sharing within the components of the system.

The Liaison/Case manager must participate in all training for the Single Access System.

The Liaison /Case manager must participate in the oversight process that is being developed to facilitate the implementation of the Service Access System for individuals who are homeless. The oversight will focus on problem solving and communication between the components of the system.

The working hours for the Liaison/Case manager position will be 1 to 8 to facilitate interaction with SAC and Shelter/Drop-In Center staff as well as work with individuals as they enter the shelter.

#### **SSH PROGRAM PURPOSE INFORMATION:**

The SSH program furnishes funding to Counties for services to assist homeless and at-risk families and individuals who are ineligible for Work First New Jersey (TANF, SSI or GA) Emergency Assistance. These funds are to be allocated in a manner to ensure that emergency services are available to families and individuals throughout the entire contract year. **All providers of SSH Shelter (with the exception of Domestic Violence Shelters) and/or Prevention services must utilize the New Jersey "AWARDS" Homeless Management Information System (HMIS) in order to become a State approved SSH vendor. All providers of SSH/TANF eligible funded services must utilize the NJ AWARDS HMIS for the provision all Prevention, Case Management and Shelter services with the exception of Domestic Violence, which will continue to be reported on the appropriate provided LOS forms.**

SSH funds may be used to assist individuals and families who are experiencing short term, non-recurring emergencies. Homelessness prevention measures may include assistance with past due rent or past due mortgage payments, past due utility charge payments, payment of security deposits for apartments, or various other forms of eligible assistance that will resolve the emergency or enable the family to remain in their home. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission to or rejection of such conduct by an individual, or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

(b) In determining whether alleged conduct constitutes sexual harassment, The Commission (EEOC) will look at the record as a whole and at the totality of the circumstances, such as the nature of the sexual advances and the context in which the alleged incidents occurred. The determination of the legality of a particular action will be made from the facts, on a case by case basis.

(c) Applying general Title VII principles, an employer, employment agency, joint apprenticeship committee or labor organization (hereinafter collectively referred to as "employer") is responsible for its acts and those of its agents and supervisory employees with respect to sexual harassment regardless of whether the specific acts complained of were authorized or even forbidden by the employer and whether the employer knew or should have known of their occurrence. The Commission will examine the circumstances of the particular employment relationship and the job functions performed by the individual in determining whether an individual in determining whether an individual acts in either a supervisory or agency capacity.

(d) With respect to conduct between fellow employees, employer is responsible for acts of sexual harassment in the workplace where the employer (or its agents or supervisory employees) knows or should have known of the conduct, unless it can be show that it took immediate and appropriate corrective action.

(e) An employer may also be responsible for the acts of non-employees, with respect to sexual harassment of employees in the workplace, where the employer (or its agents or supervisory employees) knows or should have known of the conduct and fails to take immediate and appropriate corrective action. In reviewing these cases the Commission will consider the extent of the employer's control and any other legal responsibility, which the employer may have with respect to the conduct of such non-employees.
